Disclosures

For Retail Investors. Capital is at risk.

This fund is a medium to long-term investment and your capital is at risk. Any investment objective, performance benchmark and yield information should not be considered as an assurance or guarantee of the performance of the fund or any part of it. An initial charge reduces the amount available for investment. Investors should be aware that funds denominated in a currency other than investors' home state currency are subject to currency fluctuations which may decrease returns. Please be aware that each fund presents its own risk profile. Material risks for this fund are: Credit; Liquidity; Counterparty; Other Markets; Foreign Exchange, Interest Rate and Derivatives. Please read the KIID/KID for an explanation and refer to the prospectus for information about all relevant risks.

Past performance does not predict future returns. Outcomes, including the payment of income, are not guaranteed. Distributions Disclosure: The figures shown are the declared distribution per share in the share class currency, over the period disclosed.

Distributions are not guaranteed and should not be relied upon as being representative of future distributions. Monthly income distributions may be withheld or reduced to smooth variations from month to month. Different share classes may produce different distributions.

Target performance: The Investment Manager expects to generate income with a *target yield of approximately 5% per annum*, with the potential for capital growth over the medium term (being any 5 year period). There is no guarantee that the Fund will generate this, or any other level of income or returns.
