Allianz Global Investors Fund
AM

SFC-authorized
ESG fund*

- The Fund is exposed to significant risks of investment/general market, company-specific, emerging market, liquidity, currency (such as exchange controls, in particular RMB), and the adverse impact on RMB share classes due to currency depreciation.
- The Fund is exposed to risks relating to SRI (Proprietary Scoring) Strategy investment (such as foregoing opportunities to buy certain securities when it might otherwise be advantageous to do so, and/or selling securities when it might be disadvantageous to do so or relying on information and data from third party ESG research data providers and internal analyses which may be subjective, incomplete, inaccurate or unavailable). The Fund focuses on SRI which may reduce risk diversifications and may be more susceptible to fluctuations in value.
- The Fund may invest in financial derivative instruments ("FDI") which may expose to higher leverage, counterparty, liquidity, valuation, volatility, market and over the counter transaction risks. The Fund's net derivative exposure may be up to 50% of the Fund's net asset value.
- This investment may involve risks that could result in loss of part or entire amount of investors' investment.
- In making investment decisions, investors should not rely solely on this material.
- **Note:** Dividend payments may, at the sole discretion of the Investment Manager, be made out of the Fund's capital or effectively out of the Fund's capital which represents a return or withdrawal of part of the amount investors originally invested and/or capital gains attributable to the original investment. This may result in an immediate decrease in the NAV per share and the capital of the Fund available for investment in the future and capital growth may be reduced, in particular for hedged share classes for which the distribution amount and NAV of any hedged share classes (HSC) may be adversely affected by differences in the interests rates of the reference currency of the HSC and the base currency of the Fund, particularly if such HSC are applying the IRD Neutral Policy.
