THIS IS A MARKETING COMMUNICATION. PLEASE REFER TO THE PROSPECTUS OF THE FUND BEFORE MAKING ANY FINAL INVESTMENT DECISIONS. Important Sub-Fund information, including the relevant Prospectus/KIID/KID may be found on the oaktreescav.com website.

Principal Risks

An investment in the fund entails a degree of risk. Investors should consider all the risk factors set forth in Appendix titled "Risk Factors" in the Prospectus of the fund, each of which could have an adverse effect on the fund and on the value of interests in the fund. There can be no assurances or guarantees that the fund's investment objectives will be realized, that the Fund's investment strategy will prove successful or that investors will not lose all or a portion of their investment in the fund. What you will get will vary depending on how the market performs and how long you keep the investment/product. Future performance is subject to taxation which depends on the personal situation of each investor and which may change in the future. Investment may lead to a financial loss if no guarantee of the capital is in place. Please see the fund's website for the KID which contains additional information regarding risks. Past performance does not predict future returns.

Portfolio Commentary

The ICE BofAML Non-Financial Developed Markets High Yield Constrained Index (USD hedged) was up 1.7% for the month, as compared to U.S. investment grade corporate bonds (returned 0.0%), the 10-year Treasury (down 1.6%) and the S&P 500 (up 6.3%).

The Global High Yield Carbon Focus portfolio remained broadly diversified by sector and issuer. Roughly 70% of the portfolio was allocated to North American high yield bonds, with the balance to European high yield. In terms of industry exposure, Healthcare (10.3%) and Real Estate (9.1%) represented the largest sectors in the portfolio.

The Fund modestly underperformed its benchmark in May. Our underweighting of, and holdings in, the Telecom – Satellite sector contributed, while our holdings in the Specialty Retail sector detracted.

The portfolio's WACI was well below that of the benchmark. The higher WACI of the benchmark was largely driven by Utilities holdings.

Endnotes

Note: Historical performance indications and financial market scenarios are no guarantee for current or future performance. Not all companies in the Fund's investment universe report carbon data. When reported carbon emissions data is not available, Scope 1 & 2 carbon emissions are estimated using MSCI ESG Research's proprietary carbon estimation model. "WACI" refers to Weighted Average Carbon Intensity.

1. References to fund and index performance are stated on a gross basis, before management fees and any expenses. Net performance of the Fund, after management fees and expenses are available on this factsheet.
2. Performance indications do not consider commissions levied at subscription and/or redemption but do include the impact of swing pricing procedures implemented by the fund administrator. The fund administrator will implement swing pricing when contributions or redemptions exceed a defined threshold, and this may impact performance as reported at month end.
3. Data sourced from MSCI. WACI represents exposure to carbon-intensive companies (based on Scope 1 and Scope 2 GHG emissions), expressed in tons CO₂e/\$M revenue.
4. Total financed carbon emissions (Scope 1 and Scope 2) for every \$M invested, expressed in tons CO₂e. Unit used is metric tons CO₂ as a percentage of Enterprise Value Including Cash. Data sourced from MSCI.
5. Based on WACI as sourced from MSCI.
6. "Most recent" represents combination of 2020 and 2021 data, based on data availability. Data sourced from MSCI.
7. Data sourced from MSCI.

Performance Disclosures

The Fund is launched further to a merger by absorption of White Fleet II – OCM Global High Yield Carbon Focus Fund, which was also managed by Oaktree. The performance prior to the merger is based on investment objectives, an investment policy and investment restrictions which are not materially different to those of the Fund. Furthermore, there is continuity in the investment team and no material change in the level of applicable fees. It should be noted, however, that performance prior to the merger was achieved under a context and circumstances that no longer apply.

The benchmark shown for carbon and sustainability metrics is same as that for performance: ICE BofA Non-Financial Dev. Markets HY Constr. (TR) (USD-H).

The Sub-Fund is actively managed. While the Sub-Fund has a reference benchmark, it is actively managed by implementing Oaktree's investment philosophy and process. Oaktree is aware of the benchmark's composition and characteristics but has an ample degree of freedom to deviate from it.
